

Eventure.

Engineered for the stars

One platform for organizations who want to accelerate their business
functions,
and for people who want to gather their community or target market
around something that matters.

Two doors in. One platform.

Eventure was built for everybody. Which door you walk through depends on what you're trying to do.

For your organization

Run your whole organization in one place.

Less scattered work, more alignment in how you lead. Your ticketing site, your mailing list, your shop, your invoicing tool - Eventure brings it all together. One organization page holds your events, your activities, your products, your articles, your members, and your analytics.

- ✦ Events, activities, registrations, QR check-in
- ✦ Online shop with variants, coupons, digital downloads
- ✦ Email campaigns with open & click tracking
- ✦ Invoices that meet EU e-invoicing standards
- ✦ Personalized website, your branding, your data

For your community

Bring your people together. Become an ambassador for your community.

Whether you teach permaculture, run a running or hiking group, host yoga workshops, or share herbal knowledge - Eventure gives you a free home for your community. A personal digital space, event organization and promotion, your own unique content, and an audience that isn't held hostage by an algorithm.

- ✦ Free personal space - your own community
- ✦ A real community for your members
- ✦ Block-based content publishing for clarity
- ✦ Free for organizations in nature, sustainability & personal growth

The Eventure universe

*Technology
should serve
people - not
the other way
around*

Eventure is a platform built around a stubborn idea: that the relationship between you and your community belongs to you. Not to a social network. Not to an algorithm. Not to a feed that decides who gets to see your post today and what your reach is worth this week. Your audience is yours. Your data is yours. Your privacy stays with you.

Eventure is charity-oriented. Every month we give away €200 in free services to organizations with outstanding, well-curated content on the platform.

Engineered for the stars

Eventure leans toward the values that matter most to humanity as a whole - nature, ecology, sustainability, education, holistic health, and heart. Together we build real communities. If you're already doing this in your life, you'll find more than a toolbox here. You've found a platform that's rooting for you.

Built for the ground. Aimed at the stars.

What you can run on it

What it can do depends on what your community or organization needs.

◇ EVENTS

Events that bring people together

Organize, publish, and invite people to your events - even those who don't know you yet. Add ticket sales (including QR), collect registrations, and manage capacity.

◇ ACTIVITIES

Showcase what your organization does

Introduce your audience to your organization's registered business activities.

◇ CONTENT

Let your content tell your story

Block editor for clear posts, news, articles, and other content, with SEO optimization.

◇ OFFERS

Sell products and services online

Manage products, inventory, coupons, and variants in your online shop. Sell digital downloads (video courses, e-books ...).

◇ ORGANIZATIONS

Your organization, your space

Manage all your organization profiles, events, content, and activities from one unified dashboard. Set up an online shop and communicate together.

◇ COMMUNITIES

Build thriving communities

Combine several smaller organizations into one larger community. Oversight and administration ease communication between members, with tools for moderation and managing individuals.

AND EVERY OPERATIONAL TOOL TO RUN ON TOP

The plumbing your organization actually needs - already inside.

Members (organizations)

Subscribers

Email campaigns

Invoicing

Data storage

Notifications

Reviews

Coupons for products or services

Contract drafts

Surveys

Calendars

QR codes

Brands

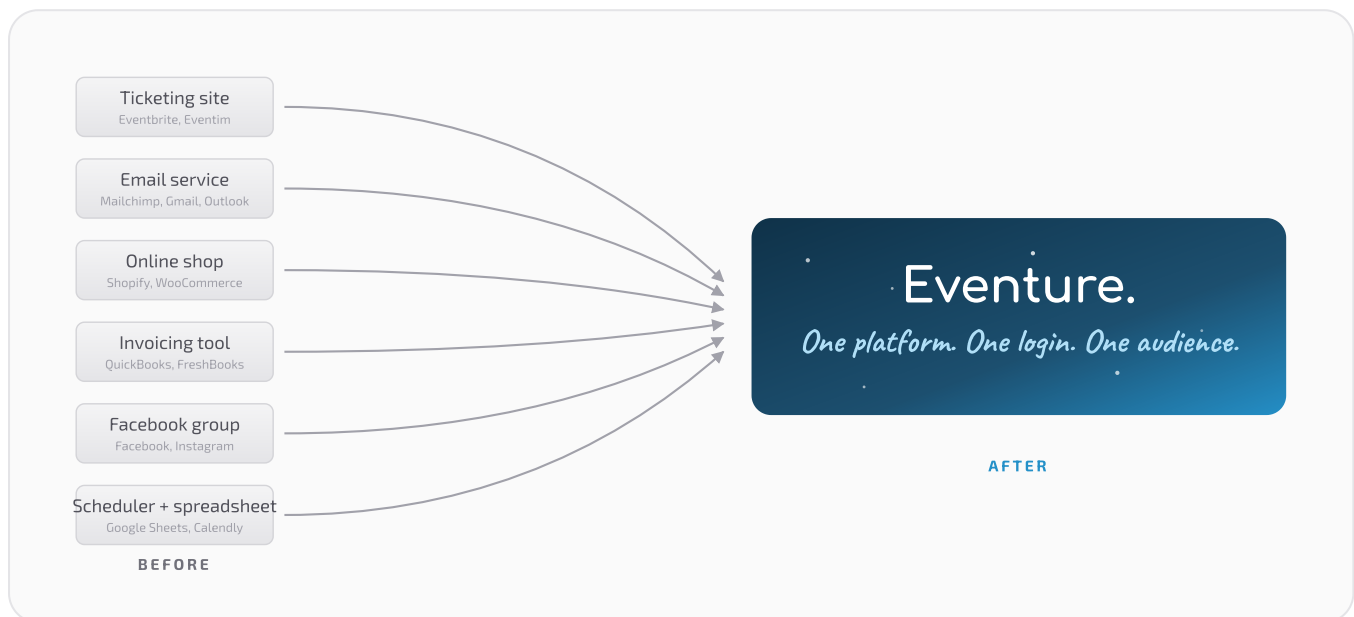

Prize games

Space for songs

Songbooks

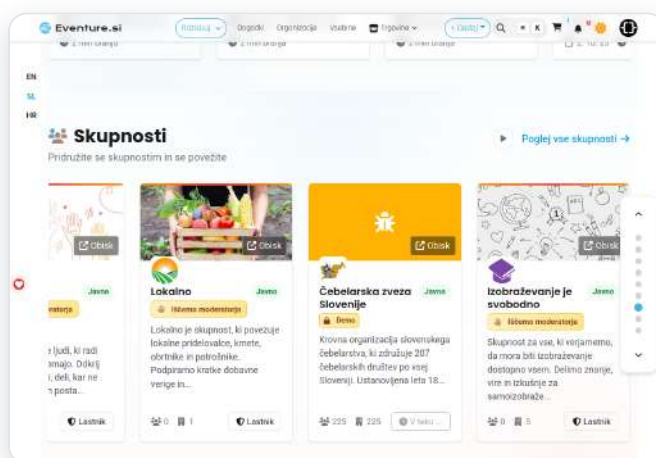

One platform replaces seven tabs

An organization often needs several different tools, several logins, and with them more confusion and higher costs. Bring them together, the way we did.

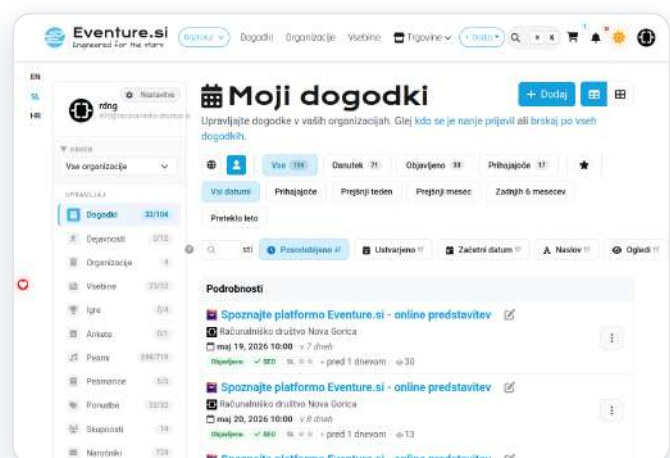

One organization page. One domain. One login for your team.

Members, customers, subscribers, and registrants are the same people - because they are. You stop assembling your stack. You start running your organization.

What your visitors see

What you manage

Front and back of one platform. Same domain. Same people.

Built for the way you work

Eventure isn't just a tool. It eases your work where most other tools only add to it.

AI HELPERS

AI that writes & illustrates

Grammar, translations, SEO meta, icon suggestions, and AI image generation - built in.

SMART SEARCH

Find anything you manage

Google-style syntax across every view, every entity, every member you touch.

THEMES

Light, dark, system

Cookie-persisted theme switching for your visitors and your team.

MASCOT TOUR

A tour with personality

A small family of mascots walks new organizers through the platform. Actually helpful.

TECHNICAL SUPPORT

Suggestions & bug reports

Effortlessly suggest an improvement or report a bug - a screenshot is captured automatically.

AUTOMATION

13 pixels & full integration

Facebook, GA4, GTM, TikTok and more. Webhooks, REST API, Make and n8n recipes.

HANDY EXTRAS

Cool tools, small wins

Copy any page as Markdown for ChatGPT or Claude. One-click share links. Built-in affiliate codes.

WEBSITE BUILDER

Your own website in a few clicks

Custom-domain organization sites with an AI scaffolder. Drag-drop sections. Click-to-edit pages.

EMAIL TRACKING

Know who opens what

Open and click tracking on every campaign. Per-recipient stats. See what worked, do more of it.

Your data, your domain

Everything runs on your domain. Your subscribers, your customers, your analytics - they are yours.

Eventure is built for organizations that take their data and their audience seriously. Eventure never becomes the owner of your domains - it stays only a provider of infrastructure and space.

Your team, your roles

Owner, admin, moderator, member. Each person sees only what they should. Built-in role-based access across every feature.

Login is protected

Failed-attempt lockout. Encrypted storage for sensitive data - SMTP passwords, payment keys, API tokens.

GDPR-friendly by default

Cookie consent with granular categories (necessary / analytics / marketing). Per-visitor preferences. Logged.

Multi-language out of the box

English, Slovenian, Croatian production-active. Five more languages seeded. Around 23,000 translated strings.

EU e-invoicing built in

Invoices that meet European compliance requirements. Standalone or generated from orders. PDF export.

No surprise charges

No subscriptions. No auto-billing. Ever. Monthly services are paid manually each cycle. You decide when, and if, to pay.

Always shipping

14 named releases in three months. v2.14 just shipped, May 2026.

Eventure (v2) launched in February 2026 as a full rewrite. Since then, we've shipped 14 named releases. Not patches - features, with names, that organizations and communities asked for.

v2.14 - Organization Website Builder

Custom-domain websites with an AI scaffolder, drag-and-drop sections, click-to-edit pages. May 2026.

v2.10 - Self-Service Games & Surveys

Raffles, spin-the-wheel, scratch cards, quizzes, and surveys with 9 question types - all without admin help. April 2026.

v2.07 - Personal Spaces

A free home for individual community builders, separate from the organization track. March 2026.

v2.05 - Email Campaigns & Analytics

Full email campaign system with open and click tracking, plus complete Croatian translation. March 2026.

v2.03 - Notifications & Real-Time UX

In-app notification system, live-updating dashboards, real-time feedback. March 2026.

v2.00 - Platform Launch

Full rewrite from v1.0. The new Eventure begins. The foundation for everything that came after. February 2026.

Eventure isn't finished. It's being made every week. That's the point.

Pricing + the gift

No subscriptions. No auto-billing. Ever.

WHERE IT'S GOING

The vision

Eventure today is one platform on one domain. **The vision is to raise a whole constellation of communities.**

Eventure.si is the engine. Any organization and any community can run on it - on its own infrastructure, its own domain, and its own brand. Same software, your sovereignty.

Behind the scenes, a handful of dedicated people keep it all running smoothly - always available, shipping something every day. Now and then they glance at the 13-moon calendar. Beside them stand four mascots who know more than they let on. And underneath it all: a belief that good software for community work is itself an act of community work.

Together we can do more!
